WHAT THE COOL KIDS ARE SAYING

- "Kristin is necessary for any HR or CEO circuit if you have hiring, retention, and detention issues. genteel southern charm turns difficult, but crucial, discussions into an event that is both fun and educational. She can poke fun at the things you and I cannot do with the concurrence that you and I cannot. She's a stand-up HR comedian that will leave you wanting more and inadvertently learning critical generational thinking tactics along the way. She is a breath of fresh air in a challenging and touchy environment. If she can make me better (a baby boomer), imagine how she can affect your organization". – Roddy Boggs, RS&H.
- "Kristin Scroggin is hands down one of the most insightful people I know on the topic of generational differences in motivation and expectation. Despite our 20+ years age difference, she "gets" Baby Boomers. But she also has a firm grasp on what GenXers, Millennials, and GenZers expect out of work and life. In addition to being really funny, she's authentic" - Glenn Davidson, Deloitte Consulting
